

COPSystem Picture Inventory of Careers

(COPS-PIC)

The COPS-PIC provides job activity interest scores using pictures only, thus yielding measurement of the 14 COPSystem Clusters for non-readers. The same interpretive material is provided as for the COPS Interest Inventory.

- USES FOR THE COPS-PIC -

The COPS-PIC can be used for those with motivational or language difficulties to measure interests for the following applications:

- In classroom group guidance units as a starting point for exploring the world of work.
- As a source for examinees in exploring outside sources of information about specific occupations.
- To assist students in planning their high school and college major programs.
- To assist students in planning their high school training.
- To help widen occupational horizons for potential dropouts by specifying occupational opportunities available to them within their particular area of interest.
- For individual counseling with college students or adults.

The Clusters are as follows:
