

IRIS On-Site Scoring (COPSystem Edition)

You can now place your order for IRIS on-site scoring materials and software. IRIS on-site scoring software from ERAS allows you to use your optical scanner and a PC to scan and score the COPS, CAPS, and COPES career instruments. With IRIS (COPSystem Edition) software you can:

- score and profile COPS, CAPS, and COPES instruments given in any combination
- review and edit files before profiling
- generate multiple copies of each profile
- export files to other programs for additional analysis
- scan and profile a COPSystem in about 2 minutes

Hardware Requirements: NCS OpScan® series or Scantron Scanmark® 2250, 2260, or 2500 series scanner (with dual pencil-read head capability), PC with Windows 98® or higher and laser printer recommended.
Call regarding compatibility with other scanners.

NOTE: Please call for latest hardware requirements. *Scanners with an ink-read head are not compatible.*
